### NEW PASTOR IS ACCORDED RECEPTION

A very pleasing event took place at the United Church manse last evening, October 19th, being a reception sponsored by the Ladies' Aid of that church, and given in honor of Rev. and Mrs. A. E. Larke, who have recently moved to Blairmore from Coleman.

During the afternoon, Mrs. Banman president of the Ladies' Aid, received with Rev. and Mrs. Larke. The tea table was tastefully arranged, centered with a silver basket of snapdragons, and was presided over by the three past presidents, Mrs. Howes senior, Mrs. Pinkney, senior, and Mrs. S. McKay.

In the evening, Mrs. L. P. Robert and Mrs. W. Oliver poured tea, Mrs. Thompson receiving with Rev. and Mrs. Larke. Musical selections were rendered in the afternoon by Misses Marion McDonald and Doreen Chapman, and in the evening Rev. and Mrs. Larke delighted the guests with duets, followed by community singing led by the choir, who attended this function following choir practice.

Many citizens availed themselves of this opportunity of welcoming Rev. and Mrs. Larke to Blairmore.

### IMPORTANT GATHERING AT BELLEVUE ON OCTOBER 31

Arrangements have been completed for the grand rally and supper in connection with the visit to the Pass of Dr. R. B. Cochrane, official of the United Church of Canada, on Monday, October 31st. The supper will be at 6 p.m. and the rally at 8 p.m. The committee in charge confidently anticipates a capacity audience. Over one hundred people are looked for from Blairmore. If you are planning to go and would like to have transportation provided, please notify Rev. A. E. Larke, phone 163. Those who are connected with the United Church local congregation and who own cars are requested to assist in the work of transportation.

### BLAIRMORE PUBLIC LIBRARY

Books being placed on the shelves this week are:

"About 2 a.m.," by Charles Francis Coo; "Giant Killer," by Elmer Davis; "The Voice of the Lobster," by Robert J. Casey; "Condemned to Devil's Island," by Blair Niles; "Conquistador," by Katherine Fullerton Gerould; "Hollywood Girl," by J. P. McEvoy; "The Grand Tour," by Romer Wilson; "The General," by Joseph Warren; "Hare and Tortoise," by Pierre Coalteet; "Greatness Passing By," by Hulda Neiburg; "Selected Poems of Francis Thompson."

The library hours are Tuesdays and Thursdays from 7 to 9 p.m., and Saturdays from 7 to 10 p.m. The fee is \$1.00 per year for residents and \$2.00 per year for non-residents.

### WATERFALL PLUS HIGHWAY TOTAL ONE MOVIE STAR

Miss Niagara Boston-Post-Road, that would be a strange name for any girl to labor under. Niagara is the name of a waterfall and Boston Post Road the name of a highway.

But consider this: Miss Tallulah Bankhead. That sounds reasonable, doesn't it? But Tallulah is the name of a waterfall, and Bankhead is the name of a highway.

Miss Bankhead, starred with Gary Cooper in "Devil and the Deep," coming to the Orpheum theatre for the next three days, got her first name from Tallulah Falls, Ga., near where she was born. And her last name the Bankhead Highway—extending from Washington to San Francisco—because her grandfather, Senator John H. Bankhead, is the "father" of federally-aided roads.

### ANNUAL MEETING MASONIC DISTRICT 8.

The annual meeting of Masonic District No. 8 was held at Hillcrest on Thursday, October 14th. R. W. Bro. Frank J. Smith, D.D.G.M., presided. Grand Lodge officers present were: W. Bro. G. M. Blackstock, grand master, Medicine Hat; M. W. Bro. J. W. H. S. Kemmis, grand secretary, Calgary; M. W. Bro. Conacher, Cruickshank and Middleton, past grand masters. Representatives were present from Alberta No. 3, Macleod; Spitzke 6, Pincher Creek; Sentinel 24, Hillcrest; Summit 30, Coleman; Chinook 47, Cowley; Chief Mountain 58, Cardston, and Rocky Mountain 56, Blairmore.

The usual district business was conducted during the afternoon session. W. Bro. A. F. Short, of Summit Lodge, Coleman, being elected D.D.G.M. for the following year. Coleman was selected as the next place of meeting.

In the evening a banquet was served in the lodge room by the ladies of Hillcrest Chapter, O.E.S., following which an address was delivered by the grand master, and musical items were contributed by a number of the brethren.

### HOLLYWOOD BEATS BROADWAY

Hollywood stole a march on Broadway during the filming of "Blondie of the Follies," Marion Davies' latest starring vehicle, in which she is supported by Robert Montgomery, and which will open tomorrow night for two days at C.L.'s theatre. This film brings before the American public for the first time the Rocky Twins, a pair of dancing youths, who have created a sensation on the Paris musical comedy stage. They were brought to this country with a view to appearing in a New York show this coming season, but were induced to make their debut in "Blondie of the Follies."

D. Olechok, of Blairmore, was sentenced to three months hard labor on the charge of perjury, the trial taking place at Macleod on Monday.

Tourist travel through the outport of Coutta, Alberta, over the Labor Day week-end this year fell off substantially from last year's figures. United States cars reported inwards in the three-day period this year totalled 342, as against 358 for the same period last year. Canadian cars inwards this year numbered 210, as against 269 for a similar period last year.

### PERSONALITY NEEDS HAND-PICKED NAME

"A rose by any other name would smell as sweet"—and a thespian with any other names could emote a well-brought, for one reason or another many personalities change their names when they embark on a theatrical career. Their reasons are varied—anything from euphony to luck; numerology combinations—but nevertheless, it is done to a great degree in the historic profession.

The two leads in "The Miracle Woman," the Columbia picture showing next Monday, Tuesday and Wednesday at the Orpheum theatre, Barbara Stanwyck and David Manners, have made their names very famous, but they are far from the cognomens with which they were christened.

Barbara Stanwyck's real name is Mrs. Frank Fay, nee Ruby Stevens. She acquired the Barbara Stanwyck from an old programme she saw on the wall of the Belasco Theatre. It read: "Jane Stanwyck in 'Barbara Fritchie'." And so it was as Barbara Stanwyck that she made her debut to the amusement world as a dancer in the Strand Roof Revue. As for David Manners, you would have struggled with Rauff Acklom if he hadn't changed it to the more euphonic David Manners.

## PROVINCIAL CONFERENCES FOR EACH MONTH

Regina, Sask.—The first of a series of western inter-provincial conferences each month will be held at Regina. The Federal Government will announce in the House of Commons the terms of sharing relief costs with western provinces.

A bonus on wheat will be requested from the Federal Government.

These were the main decisions arrived at at a conference of prairie governments held at Winnipeg, according to Hon. M. A. MacPherson, attorney-general and provincial treasurer, who returned to Regina.

No figure for the proposed wheat bonus was decided on, Mr. MacPherson told the press here and the question of whether it should be paid according to acreage or bushland on this year's crop was left to Ottawa.

## New Superintendent Of Indian Affairs

Dr. McGill Of Calgary, Succeeds Dr. D. C. Scott

Ottawa, Ont.—Dr. H. W. McGill of Calgary, has been appointed superintendent-general of Indian Affairs. He succeeds Dr. Duncan Campbell Scott, who resigned.

Calgary, Alberta—Official notice from Prime Minister R. B. Bennett was received by Dr. H. W. McGill, M.L.A., Calgary physician, of his appointment as deputy superintendent-general of Indian Affairs at Ottawa. Premier Bennett's telegram said the appointment had been approved by His Excellency the Governor-General, and Dr. McGill expects to leave for Ottawa about the beginning of November to assume his new duties.

Dr. Harold Wigmore McGill, M.D., M.C., V.D., was born December 21, 1879, at Norwood, Ontario, and was educated at Ontario schools and the University of Manitoba, Winnipeg, Man., where he obtained his M.D. degree. He was married December 12, 1917, to Miss Emma Mildred Griffin of Kenora, Ontario.

## Expect Announcing Of Marketing Board

Parliament To Be Asked For Immediate Action

Ottawa, Ont.—A marketing board to direct Canada's anticipated agricultural trade with the United Kingdom will be proposed in the House of Commons as a result of the trade agreement between the two countries. Hon. Robert Weir, Minister of Agriculture, announced a few weeks ago that a commission to inquire into the feasibility of a board would be established after the adjournment of parliament. It was intimated this would not satisfy certain Progressive and Liberal members particularly from western Canada who will propose the immediate establishment of the board so as to lose no time in operating.

## Object To Moratorium

Calgary, Alberta—Members of Alberta Retail Merchants' Association are opposed to a moratorium or changes in the Debt Adjustment Act, and believe there is no need for elaboration of the present system as proposed by the Alberta Bar Association, which suggested committees of three men be formed by various sections of the province to aid in debtor-creditor disputes.

## Erecting New Deputy

Geneva, Switzerland—After long political manoeuvring the League of Nations Assembly decided to elect two deputy secretaries-general, instead of only one, as has been customary. John A. M. C. Avenol, the French financial expert and deputy secretary-general, is generally expected to be promoted to succeed Sir Eric Drummond as secretary-general.

## English Woman Killed By Chinese Bandits

Mother Was Trying To Prevent Kidnapping Of Children

Harbin, Manchuria.—Mrs. C. T. Woodruff, an English woman whose husband is chief accountant for the British American Tobacco Company, was killed by bandits as she struggled to prevent the kidnapping of her three children.

The bandits shot her dead, seized the children and fled. Two Russians pursued them but the kidnappers opened fire, wounding both seriously. Then the Chinese police took up the chase and rescued the children. The other two kidnappers escaped.

The crime was committed in broad daylight on one of the principal streets of Harbin and the whole city, which lately has been a prey to such raids, was raised to a high pitch of excitement. The children were unharmed.

## Death Due To Negligence

Court Ruling On Auto Crash Which Killed Earl Of Egmout

Southampton, Eng.—A county judge found the automobile collision in the West Forest in which Earl of Egmout, former Priddis, Alberta, rancher, was killed last May, was caused by "gross negligence on the part of both drivers."

The judge said in his decision in dismissing with costs a plea for £100 by John Penny, driver of the car in which the earl was killed, against Ira Jack Lithauer, London, driver of the other car.

The action alleged negligence on the part of Lithauer, but the judge found both were negligent in that each failed to see the other car and both were driving too fast.

There was not "a pin to choose" between them, he said.

## Decision Rests With Local Authorities

As To Whether Direct Relief Be Paid In Money Or Kind

Ottawa, Ont.—Agreements between the Dominion Government and the various provincial governments respecting the administration of direct relief places the decision as to whether it shall be paid in money or in kind directly in the hands of the local authorities.

The Department of Labor says the act specifically gives the prerogative to the local administrator of the fund.

## Cost Of Imperial Conference

Total Amount Expended \$238,561.88

Ottawa, Ont.—The total amount expended in connection with the Imperial Economic Conference was \$238,561.88, Sir George Perley, acting secretary of state, told William Duff (Lab., Antigonish-Guyabrook) in the House of Commons. The sum paid for entertainment including lodging, restaurant and other charges of delegates and official parties while the conference was sitting in Ottawa was \$138,505.

## Offers Criticism

Calgary, Alberta—Criticism was levelled at the Dominion health of animals department by Hon. George Hoadley, Alberta Minister of Agriculture, during an address before the annual convention of the Alberta Veterinary Association here. He maintained "reorganisation of the health of animals branch in long past due."

He urged a system whereby young men could enter the veterinary profession with the hope of adequate reward.

## Lost Hunters Found

Gravenhurst, Ont.—Deceased to the skin and suffering from exposure after spending most of two days in Muskoka's rocky woodland, two Toronto men and one from Kitchener, lost while partridge hunting, were found. All were in good condition.

## Coast Fishermen May Strike

New Westminster, B.C.—A general strike of fishermen covering the entire British Columbia coast appeared as a possibility following a protest lodged by the British Columbia Fishermen's Protective Association against the low price of salmon.

## British Premier Sixty-Six

London, England—Prime Minister Ramsay MacDonald on October 12, celebrated his 66th birthday at work at No. 10 Downing Street, where his attention was demanded by matters connected with various pending conferences.

## Communists Expelled

Soviets, Out Twenty Prominent Members Of Government

Moscow, Russia.—The central control committee of the Communist party expelled 20 prominent members, including Gregory S. Zinoviev, former chairman of the executive committee of the Third International, and Leo Barmine, brother-in-law of Leon Trotsky.

The expelled members were accused of organizing a counter-revolutionary group for the purpose of dissolving collective and state farms.

The Communists hit by the expulsion order are partly men of long standing and, formerly, followers of Trotsky, who now is in exile in Turkey. They belonged to the right wing.

## PREFERENCE ON WHEAT SHOULD BENEFIT WEST

Ottawa, Ont.—A highly optimistic picture of the benefits which will accrue to Canada by the tariff concessions granted to this country on wheat and wheat flour was given in the House of Commons by Prime Minister R. B. Bennett. He spoke of this farm commodity as at the moment "the most immediate importance to this country."

Free entry of flour as against a minimum general British tariff of 10 per cent. is secured to Canada under her agreement with the United Kingdom. A preference of six cents per bushel on Canadian wheat is granted.

"Not only does the increase in the sale of Canadian flour widen the Canadian wheat market, but Canadian flour is most important in promoting the direct sale of Canadian wheat," said Premier Bennett.

In 1931, the total import of wheat flour into the United Kingdom was 6,141,192 barrels, of which 3,712,824 barrels came from British countries and 2,428,368 barrels from foreign countries. Canada being the chief British empire supplier with 2,225,490 barrels and the United States the chief foreign supplier, with 1,187,180 barrels.

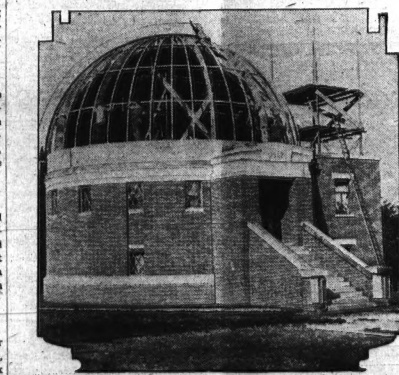

"This tariff preference should deflect to British empire countries a large part of the flour trade of the United Kingdom heretofore supplied by foreign countries."

"On wheat we have secured a preference of 2s. per quarter. Article 4 of the agreement makes the continuance of this preference, as well as the preference granted in respect to copper, zinc and lead, conditional upon empire producers of these commodities being able and willing to to them a first sale in the United Kingdom at prices not exceeding the world prices and in quantities sufficient to supply the requirements of the United Kingdom consumers."

"I have never at any time represented to the wheat growers of this country that the effect of a preference would be to set up in their favor a price differential in world markets and at the expense of the British consumer. What I did maintain was that it was vital to us to find a secured market in the United Kingdom which is now by far, and is likely to continue to be, the greatest wheat consuming country in the world."

"There is no need of emphasizing the value of this market to Canada. The preference, it is agreed, will substantially increase the purchase of Canadian wheat by British importers."

## RETIERING ASTRONOMER-ROYAL'S CONTRIBUTION

It is the custom of every Astronomer-Royal to make some addition to the Great Observatory at Greenwich, England, upon retirement, and above is the new telescope, which is to be Sir Frank Dyson's contribution. The dome and building, almost completed, will house the new 36-inch telescope.

## NEW QUEBEC SENATOR

J. H. Rainville, K.C., former chairman of the Montreal Harbor Commission, who has been chosen to fill one of the Quebec vacancies in the Senate.

## "Bright Fan" Sinking

Mishap Should Not Affect Safety and Feasibility Of Bay Route

The Pas, Man.—The feasibility and safety of the Hudson Bay route should not be affected by the recent sinking of the "Bright Fan."

The mishap was an act of God, declared Captain R. E. Oliver, commander of the grain steamer, upon his arrival here from Churchill.

Captain Oliver declined any statement regarding details aboard his ship when the crash came, but members of the crew declared everything was in order. Lookouts were at their posts.

Captain Oliver was reticent about telling of the accident, stating he did not wish to commit himself until he reaches the east and the enquiry into the disaster is held.

"I shall be glad when it is all over and all the facts are known to the proper authorities," he declared.

"The striking of the iceberg by the ship was an accident that no man could avoid and was one of those tragedies that strike in the night," the captain said.

Churchill is a coming port and will become the centre of one of the biggest trade and shipping routes in spite of the loss of the ship, he said.

## Winnipeg Asks Action On Jobless Problem

Will Ask Federal Government To Relieve City Of Transients

Winnipeg, Man.—Immediate action on the part of the Dominion Government to relieve city of the transient unemployment problem is demanded by city council. A resolution was adopted petitioning the government to provide every transient with transportation to his legal place of residence and proper food and accommodation while stranded here.

More than 3,000 transients have been taken off freight trains here within six days in accordance with the Dominion Government's ban on road riding.

## Last Ship For Season

Churchill, Man.—Nosing her way through a sea as calm and clear as it was turbulent when she came in the previous week, the steamer "Pensilva" is outward bound from here, the last boat to leave this northern port this autumn and the 10th to carry grain overseas by the new Hudson Bay route this season.

## Advances Plan For Circulation Of Money

Solution To Economic Problem Suggested By A. C. Stewart

Springside, Sask.—Offering a solution to the present economic difficulties by advancing a plan of putting more money into circulation in Canada and reducing the rate of interest, Hon. A. C. Stewart, Minister of Highways, spoke here.

He suggested a bank or commission be set up as a branch of the federal government for the purpose of handling all fiduciary money and gold. This banker commission would be authorized by the Dominion government to issue fiduciary money to such extent as could be absorbed under conditions fully explained by Mr. Stewart.

He stated that the result of this plan would mean that high-priced government securities would no longer be available to capital in Canada, but instead would be available to carry on industry and commerce.

The effect of sufficient money being put into circulation in the Dominion would mean that all great investment bodies and investors, not having access to government or municipal securities, would loan their money to industry and it would go into commercial channels at reduced rates of interest.

## WAY IS OPEN FOR INCREASED TRADE WITH BRITAIN

Ottawa, Ont.—Free entry into the United Kingdom market for Canadian manufactured products, excepting in respect of a very limited list of goods.

Preferences in the United Kingdom market on Canadian goods ranging from 10 per cent. to 33 1/3 per cent.

Canadian manufactured goods which enter the United Kingdom free under the agreement number over 100 commodities.

The list includes certain types of paper, aluminum, stoves, typewriters, and a long list of hardware; leather, fur, rubber and textiles, chemicals and miscellaneous goods.

Preferences in the various British colonies.

Preference in the United Kingdom market practically the entire range of Canadian natural products.

Free entry into the United Kingdom market for certain timber products.

Regulation of the British bacon market, and an arrangement whereby free entry of Canadian hams and bacon of good quality up to 2,500,000 cwt. per annum will be concluded.

Modification of conditions at present governing importation into the United Kingdom of Canadian live cattle.

Free entry (except for sugar duty) to the United Kingdom market for three years certain on Canadian sweetened condensed milk.

Free entry into the United Kingdom market on creamery butter for three years certain as against 15 shillings per cwt. (112 pounds) general tariff and a preference margin of 15 shillings per cwt. during the life of the agreement.

Free entry for Canadian cheese into the British market for three years, with preference margin of 15 per cent. to be maintained during the currency of the agreement.

Preferences in the British market on Canadian tobacco.

Free entry into the United Kingdom market on fresh apples as against a duty on foreign apples of four shillings and six pence per cwt.

A preference of 10 per cent. on Canadian potatoes, but at present there is an embargo in force.

Free entry to the United Kingdom market for three years certain, to Canadian eggs in shell as against certain specific duties against foreign eggs.

A preference of seven shillings per cwt. on Canadian money in the British market.

A preference of 10 per cent. in the United Kingdom on Canadian barley.

Free entry for following Canadian grain and grain products with a 10 per cent. ad valorem preference: Wheat, flour, rye, oats, peas, clover seed, hay, bran, shorts, and middlings, oatmeal and rolled oats.

Free entry for Canadian wheat as against a general tariff of three pence per bushel.

Preferential rates on Canadian cottonseed in United Kingdom market.

Free entry on unsweetened milk powders as against a general tariff of six shillings per cwt.

## ACT EFFECTING REDISTRIBUTION IS PRESENTED

Ottawa, Ont.—The act effecting redistribution of the membership in the House of Commons, based on the census of 1931, was presented by Premier R. B. Bennett and given second reading.

While the representation is altered in four provinces the total, 245 members, remains unchanged. Nova Scotia loses two members, being reduced from 14 to 12, while British Columbia gains two, the total being increased from 14 to 16.

New Brunswick's representation is fixed at 10 members, a loss of one member; while Alberta gains one, with a total of 17.

The redistribution, which will stand for 10 years, is based on the population of Quebec. Under the British North America act the representation of the other provinces in the House of Commons is fixed by the ratio of 65 to the population of Quebec.

For the next 10 years the representation will be as follows: Quebec, 65; Ontario, 82; Nova Scotia, 12; New Brunswick, 10; Manitoba, 17; British Columbia, 16; Prince Edward Island, four; Saskatchewan, 21; Alberta, 17; and the Yukon Territory, one.

## New Burdens For Britain

Ottawa, Agreements No Advantage London, Eng.—The Ottawa agreements mean new burdens for the British public, Lord Snowden, who was Chancellor of the Exchequer in the former Labor Government, and recently resigned from the present National ministry, said in an article in the Financial News.

"In every case concessions made by Britain mean an increase in the price of commodities—mainly necessary foodstuffs," Lord Snowden writes.

"In the case of the Dominions all changes give relief to Dominion traders and consumers."

"I have it on very reliable authority that expert examination revealed the fact that instead of giving Great Britain an advantage there will be an actual loss in the present trade with Canada."

Wheat Movement To North Shipments To Churchill Show Signs of Slowing Up

Prince Albert, Sask.—Wheat movement from this division of the Canadian National Railway to Churchill is slowing up slightly after, wheat drawn from here has nearly twice filled the elevator at Churchill. Prior to August this year, 2,500,000 bushels had been shipped and since that date 1,500,000 more bushels have been sent northward from this division. There remains more than half a million bushels yet to be shipped.

## Dies From Injuries In Harvesting Accident

Young Farmer Was Caught In Machinery Of Combine

Saskatoon, Sask.—Severely injured in a harvesting accident, October 1, Robert Potter, 26-year-old farmer of the Sovereign district, died in hospital here.

Mr. Potter was injured when he was caught in the machinery of a combine he was operating on his farm twelve miles southeast of Sovereign.

## Will Move Sub-Amendment

Ottawa, Ont.—It has been intimated that Progressives in the House of Commons intend moving a sub-amendment to the address in reply to the speech from the throne. It will stress financial reform to a greater extent than the amendment already placed before the House by the Liberals.

## Must Finish Hotel

Vancouver, B.C.—The city of Vancouver will take court action to force fulfillment of the Canadian National Railways contract at the first sign of default.

Mayor Louis D. Taylor said, when questioned concerning reports that the hotel now being built here might be disposed of for other purposes.

## British Exports Lower

London, England—British exports for the month of September were valued at £28,228,666 for the lowest total recorded for many years, according to trade figures announced by the board of trade recently.

## IMPORTS OF BRITISH COAL

The increase in imports of British coal at the port of Montreal is one of the outstanding features of the present navigation season. With average unloadings running about 5,000 tons per day, a total of 631,670 tons of British anthracite were received from the opening of navigation in April to the end of August. This total compares with 471,161 tons during the corresponding period last year. By the end of August the imports of British anthracite practically reached the total for the whole of the 1931 season. The report of the harbor commissioners of Montreal gives last year's total importations under the head of British anthracite as 692,012 tons.

The figures for imports of British bituminous coal also show striking increase. During the 1931 navigation season 36,668 tons of British bituminous were received, whereas up to the end of August the unloadings for the current season were 104,452 tons. The latter figure shows an increase over last year to the same date of 94,507 tons.

## BELIEVE IT OR NOT

Here's a story that just came to the writer's notice and is worthy of a place in the best "Believe It or Not" stories of that famous cartoonist and creator of Believe It or Not, Mr. Robert L. Ripley, who will be in Hall's tomorrow for a day or two on his way back to New York. The story has to do with a homely but useful part of the home's furnishings—a stove—and the fact can be easily verified, for this stove may be seen at the home of Mr. Alexander Fraser, Telford. The stove, a "Liberty Union," was purchased in 1864 and has been in continuous daily use ever since and is still going strong. Remarkable as this is, still more remarkable is the fact that the stove pipe, two lengths and a knee, is the original pipe bought with the stove in 1864, sixty-eight years ago. Just think, when the Civil War in the United States was at its height and more than two years before Confederation in Canada, this stove pipe was in use, and which probably explains its long life, it has been doing its "bit" every day since. Mr. Fraser will be the envy of the many householders who will soon be putting up their stoves for the winter and who will in all probability find that last year's stove pipes will be unfit for use, all rusted and in holes.—New Glasgow Free Lance.

## PROTECTING WILD LIFE

A game commission official, observing mangled remains of wild animals on many of the highways, sees an indication of the "just to kill," and wonders what kick a motorist gets in running over a helpless animal blinded by headlights. Motor car drivers, we claim, are as human as anybody else and few of the wild things are deliberately destroyed on the highways. On the other hand, the motor car helps the normal hunting instinct inherent in man and enables the real sportsman to reach his shooting grounds each Autumn in comfort and without loss of time. The man who frequently gets away in his car for a day's shooting is the very man who would stop his car on the road rather than destroy a rabbit or a woodcock.

Chicago teachers are feeling cheerful, their back salaries, running into a total sum of \$2,000,000, having been paid in full.

CHEAPER LIQUOR  
LIKELY IN ALBERTA

Cheaper liquor for Alberta citizens will probably be one of the results of the Imperial conference, it has been estimated.

Commenting on Premier Barnett's announcement in the House of Commons Wednesday afternoon that tariff on British liquors and alcohol would be reduced from \$10 to \$8 per gallon, R. J. Dinning, Alberta liquor commissioner, said: "Any reduction in the cost of liquor to the government in Alberta will be passed on to the consumer. Of course, this would apply only to liquor not yet cleared." Mr. Dinning declined to indicate the percentage of decrease in costs to Alberta consumers.—Edison-Jasper Signal.

SIR WALTER SCOTT WAS BORN  
AFTER HIS MOTHER'S BURIAL

LONDON, Oct. 19.—The astonishing fact that the mother of Sir Walter Scott was declared to be dead and was actually interred five years before Sir Walter Scott's birth is recalled by George MacDonald of Harborne, Birmingham.

"Her weird sepulchral experience," says Mr. MacDonald, "is described as follows by a great essayist of many decades ago."

Here is the description:

"Mrs. Rutherford, while lying in a trance and declared by the physicians to be dead, was laid away in the family tomb in the great vaults under the parish church.

"At night the ghoulish sexton stealthily entered the tomb, opened the casket and proceeded to rob the elegant and embowed lady of the jewels which were on her person, according to the then prevalent custom. Finding some of the finger-rings too tightly fixed, the unconscionable thief took his pocket knife and slashed the flesh from the fingers."

"The sudden shock and flow of blood caused a reaction of the vital forces, and the reanimated lady opened her eyes, uttered an exclamation of amazement and attempted to rise up.

"The guilty and horror-stricken sexton's hair rose straight upon his head, and with the yell of a desperate madman he rushed forth, thus raising the alarm which brought help and rescue to her.

"She lived many years subsequently, none the worse from her awful adventure which occurred five years previously to the birth of Sir Walter."

7:30 p.m.—PUBLIC WORSHIP.

Communion service will be observed at this time.

## Is the Church Worthy of Survival?

Is the church's "day" done? Has it reached the peak of its influence and is it now on the decline? To these questions many are prepared to give an affirmative answer. Men see the weaknesses within the organization, and seeing, are quick to pass judgment. "The evil that men—(and institutions)—do lives after them; the good is not interred with their bones." So it is that the church today faces many critics who, regarding the church as a superstitious survival of the middle ages, are ready to hold up to the scorn of men its faults of the past and the present.

The good she has fostered and set forth to the world in the exemplary lives of multitudes of men and women down through the years of her history is interred in the grave to which her opponents have committed her.

But why should the church's right to survive be determined by the manifestation of the very human failings (and these are to be neither minimized nor ignored by those within her ranks) of those who constitute her membership and ministry? Should we not in fairness to any worthy organization judge of its right to survival in the light of the highest ideals to which its members pledge their loyalty? Should we not judge its right to make claims upon the life of men today, in the light of life, character and example of those noble souls who, keeping ever before them these high ideals, are daily striving to interpret them within and without the organization? Such nobility of character may not be the possession of the majority of those who constitute the church's following, but men are to be judged not alone by their successes, but by the struggle they are waging from day to day for the supremacy over those forces of evil which hinder their attainment of the ideal.

What the church's ideal is will be the subject of the Communion address: "The Christian Fellowship" on Sunday evening next at the United church. The minister will set forth the view that if the church will keep before her the high ideals which characterized fellowship within the early church, she will not only survive, but will survive to serve; she will be called upon to give leadership in our present time.

The members and friends of the congregation are cordially invited to attend this service at 7:30. Any who are conscious of a deep spiritual need in their lives, and who feel the need for a new beginning are urged to come into the fellowship of this congregation of the United church. If that need should lead your footsteps to the church in which you were brought up, you would, we are sure, be welcomed by the minister or priest of such church.

## DEATH OF MAJOR BURNETT

Oddfellowship throughout the province of Alberta suffered the most severe blow since the formation of the Grand Lodge of Alberta in the death of Bro. Major W. B. Burnett, past grand master, who died at Lethbridge on Monday night, at the ripe age of eighty years.

Major Burnett might almost be considered a father to Oddfellowship in Western Canada, being a member of the order for fifty-nine years.

He is survived by one son, Thomas M. Burnett, and a daughter, Mrs. Hammond.

Funeral takes place at Lethbridge this afternoon, Rev. J. M. Pritchard officiating. The remains are being forwarded to Ontario for burial.

Born in Kingston, Ont., in 1832, the major came west to Lethbridge in 1895.

At that time he was an employee of the C.P.R. In 1904 he resigned to accept a position with the customs department. For 20 years he was with the government, being superannuated in 1924. Since then he had lived in retirement, finding recreation and service in the work of the I.O.O.F., his church and in the collecting of war medals. He also travelled extensively, attending un- failingly the Sovereign Grand Lodge conventions. He was keenly disappointed that his health prevented him from attending the recent Grand Lodge meeting in Denver. In 1930 Major Burnett realized a long cherished desire, a world cruise in company with his son and daughter. On this cruise of five months he collected many rare medals for his very valuable collection, one of the richest of its kind in Canada. Some of the war medals date back to Waterloo and before. This hobby occupied much of his time, for he has the medals and decorations beautifully grouped in frames of his own make. They are also carefully tabulated and their history described. He also made a number of trips to the Old Country.

The major was a member of Lethbridge Lodge No. 2, a charter member of Dominion Rebekah Lodge No. 41 and Lethbridge Encampment No. 7. He had the distinction of being the second Oddfellow in Alberta to receive the 50-year jewel, his brother-in-law, Thomas McNaab, of Lethbridge, being the first. He was practically 60 years an Oddfellow, one of the oldest members of the order in North America.

Here's the first of the Do Your Christmas Something or Other Early items. Already the lumbermen of New Brunswick and Nova Scotia are getting ready for Santa Claus. They are now out in the woods chopping down Christmas trees. Practically all of these are shipped to Boston, New York and Philadelphia and the annual export averages 250,000 trees.

Attended by pioneers of Alberta, provincial government and civic officials, a cairn was unveiled Saturday on the grounds of the legislative buildings, Edmonton, commemorating "the relief of Fort Edmonton" by Major-General Strange about 47 years ago. Although the incident occurred nearly half a century ago during the Riel Rebellion, many veterans of the struggle against the Indians attended the ceremony.

Sylvio Gatti, of Maple Leaf, died on Monday morning from injuries sustained in a motor car accident near Lundbreck Falls on Sunday morning. A coroner's inquest was held here on Monday, with Coroner F. J. Turner, of Bellevue, presiding. The following verdict was returned: "We, the jury, are of the opinion that the deceased, Sylvio Gatti, came to his death on October the 17th, 1932, at one o'clock a.m., from injuries received in a motor car accident on Sunday, Oct. 16, between 10 and 10:30 a.m. while driving in a 1922 Dodge touring (converted truck) owned and driven by F. Poggetti. We are of the opinion that the accident was purely accidental and caused by poor visibility and road conditions, and we attach no blame to anyone." The remains were laid to rest at Bellevue yesterday.

Some who remained a few days ago and Alberta government and to much sympathy for dying Chinaman, who are taking with them supplies of cash and provisions to tide them into the unknown beyond, that they are equipping each celestial with a map of this province. So the Chinaman doesn't have to worry, he can reach either destination in Alberta.

A lawyer was defending a man accused of housebreaking. "Your honor," said he, "I submit that my client did not break in to the house at all. He found the parlor window open and merely inserted his right arm and removed a few trifling articles. Now, my client's arm is not himself, and I fail to see how you can punish the whole individual for a transaction committed by only one of his limbs." "That argument," said the judge "is well put. Following it logically, I sentence defendant's arm to one year's imprisonment. He can accompany his arm or not, as he pleases." The defendant smiled and with the aid of his lawyer unscrewed his cork arm, and leaving it in the dock, walked out.

## District News

From Our Own Correspondents

### COWLEY HAPPENINGS

Several local artists attended the dance at the Cascade Inn on Saturday night, and report a very enjoyable time.

Mrs. H. C. Morrison has returned from a few days' visit to Calgary.

Farmers are rejoicing over another heavy snow storm, which is now covering the district, following on the heels of the melting of a heavy snow, which fell in this locality last week end, giving the ground a much needed soaking.

Two carloads of extra fine grade two-year-old Hereford steers, which averaged over 1100 pounds each and sold for an advance above present prices, were shipped east from the Cowley stock yard by Harland Lank on Saturday. Mr. Lank raised these cattle on his ranch, about ten miles north of Cowley.

A five hundred drive and dance, sponsored by the Ladies' Auxiliary of the Anglican church, was held at the home of Mrs. George Porter on Friday night. The prize winners were: ladies' first, Mrs. Archie Swart; consolation, Miss Maud Stafford; gent's first, Harry Rogers; consolation, John Lloyd. A neat sum was added to the church funds and a good time is reported by the large crowd that turned out.

### HILLCREST HAPPENINGS

Mr. and Mrs. W. Webster and family were visitors to Cardston last week.

A meeting was held by the Hillcrest Bridge Club on Wednesday night, and further meetings are being arranged.

Little Jean Haggerty celebrated her sixth birthday on Thanksgiving day by giving a party to about twelve of her friends.

Sympathy is extended to Mr. and Mrs. Steve Reno, who suffered a severe loss in the death of their infant son, William, aged six months, who passed away after a brief illness. Remains were laid to rest in the Hillcrest cemetery.

J. Collins was a visitor to Calgary last week.

R. Makin has been appointed janitor of the Hillcrest United church.

Mrs. L. Lalini returned home last week from the local hospital, where she has been a patient.

A whist drive was held in the K. of P. hall on Friday evening. Honors were won by Mrs. W. Rose, ladies' first; Mrs. E. Rolf, second. H. Rhys, gent's first; David Haggerty, second. A dainty supper was served by the Pythian Sisters, and dancing continued till the early hours.

The Ladies' Aid of the United church will hold their annual bazaar in the church on November the 19th, and not the 26th, as announced in this column last week.

### CORBIN HAPPENINGS

Corbin experienced very wet weather during the past week, rain falling almost steadily from Thursday until Sunday morning, when it turned to snow. Snow fell quite steadily during the day, but Monday a warm spell cleared it away in the valley. Several cars went out, in spite of the muddy roads, and a few experienced

### Local and General Items

As a compromise between decency and nudity, it is suggested that the the Doukhobor damsels be required to encase themselves in cellophane wrappers.

Cree Indians are predicting a mild winter, with plenty of snow. They say a late fall and an early spring will cut down the winter far below its usual period.

Cop: "Hey, what are you trying to do?"

Drunk: "I'm trying to pull this lamp off the bridge, hic—my wife wants a 'bridge lamp'."

Biddy: "I suppose you've been in the navy so long that you are accustomed to sea legs?"

Middy: "Lady, I wasn't even looking!"

Someone observed recently that Canadians now pay a poll tax for voting, an amusement tax for laughing an income tax for working, and an inheritance tax for dying. The only tax missed as a transportation tax on going to our reward.

A transient named James Grady was arrested in a Drunkard's bar, formerly of Blairmore, and found to be in possession of a .32-calibre revolver and eighteen rounds of ammunition. He was sentenced to one month hard labor, with a fine of \$25 and costs.

Mr. S. McDowell, of Blairmore, was a visitor in the city on Friday to attend the party given by the Lethbridge and district telephone staff complimentary to Mr. and Mrs. Wm. Russ. Mr. McDowell made the presentation to the honor guests during the course of the evening—Lethbridge Herald.

A man was arrested at Winnipeg on Tuesday, thought to be the throtter, who has been terrorizing residents there lately. His name was not divulged, but it was stated he is apparently deranged and is confined to the psychiatric ward of a hospital. The various victims of the throtter will be taken to the institution in an effort to identify him.

An Oshawa man who refused to take his wife along when he was going for a car ride, had the unusual experience of seeing his wife grab an axe and smash the windows and windshield and otherwise damage the car. "What would you do with a woman like that?" he asked the policeman, to whom he reported the affair. The obvious answer is, "Take her along."

An editorial in a California paper says that after fifteen years in the business a newspaper man becomes reconciled to the following facts: (1) He will always be regarded as some sort of freak; (2) that the favor he does will usually go unnoticed, but his mistakes never; (3) that when he gets in a crowd someone will say jocularly, "Don't talk in front of So-and-so, he'll put it in the paper."

(4) that once a week someone will remark that "newspaper work must be fascinating."

The roads are lined with harvesters returning from the prairie. The police took them off the train at Crows' Nest and they either go to the next station and climb back on again or else they take the road for it. Motorists give many of them assistance on their way, but some have a tough time, particularly if the weather happens to be cold as it was in the early part of the week. The action of the government in prohibiting these men from riding the roads, we are of the opinion, was not well considered. Thousands of these men had gone to the prairie to help in the harvesting and make a few dollars to carry them through the winter. When the order against free rides was put in force they must either stay in Alberta or spend their little stake getting home again. If they remained in Alberta, they put the cities in that province up against the problem of handling thousands of men from the coast. If they were allowed to return to the coast they would at least not be in danger of freezing to death during the winter—Ferne Free Press.

Rumor has it that an all-star Nova Scotia hockey team is about to tour Europe.

The Canadian dollar reached a value of 93½ cents at New York on Monday, the highest since late last summer.

Two million gallons of medicinal whiskey will be made in the United States next year. This figure is announced so that invalids may make arrangements in advance.

F. Harper, of Fernie; Joe Siska, of Natal, and "Cockney" Garment, of Crows' Nest, were among the British Columbian to win \$100 consolation prizes in the Irish hospital sweepstakes.

A High River woman, who is very careful of her husband's morals, was distressed the other evening to find him reading one of the "low life" weeklies. But she ran the vacuum cleaner over it, took out all the dirt, and when she gave it back to him it was as clean as the War Cry.

I would rather have the consciousness on my dying bed that I have been a little "soft" and sentimental, if you like to call it so, in my dealings, with sinners than to have to do with the memory of hard words spoken and a helping hand withheld, and so would you when you come to think of it.

The town of Macleod is this week reaping the benefit of the depression and recent lawlessness in the Crows' Nest Pass. Not only Macleod, but money is going into the coffers of legal firms (foreign to the Crows' Nest Pass) that could well clothe and keep hundreds of children in this district for a while.

The Church of Mary Immaculate at Nelson, B.C., was the scene of a very interesting wedding Monday morning at 7 o'clock, when Very Rev. J. C. McKenney united in the holy bonds of matrimony Cora Godin, of Cranbrook, youngest daughter of A. Godin and the late Mrs. Godin, of Blairmore, Alberta; and Gracie Bourgeois, of Cranbrook, youngest son of Mr. and Mrs. Orphir Bourgeois, of Crescent Valley. Mr. and Mrs. Bourgeois will reside at Nelson.

Canadian National Railways section forces throughout Western Canada have been doing their share toward increasing the supply of game birds by protecting the nests of prairie chicken and Hungarian partridge, which were found on the railway right-of-way at various points. The movement started with one section foreman in Saskatchewan, who on finding a number of Hungarian partridge nests on his section instructed his men to leave a tuft of long grass surrounding the nests in each instance. As the burning of right of way for fire protection takes place before and after the nesting season of the game birds the nests were not endangered from this source. In the vicinity of sloughs and ponds many nests of wild ducks were also protected during the season, giving the birds a chance to nest in peace and safety.

The old miners' hall at Drumheller will shortly be dedicated as a Baptist church.

Corporal J. L. Halliday, of the R.C.M.P., was accidentally shot and killed at Fort Simpson, when he attempted to move a gun into a motor boat.

There must surely be something wrong with some men, when their wives demand work for them. Probably the poor man is such a weak and inferior individual these days that he cannot speak for himself.

An old friend of ours recently returned, after spending the summer at a fashionable resort. We asked how he enjoyed the rest and change. He replied: "I really can't say. The bell boy got most of the change, and the hotelkeeper got the rest."

Fine weather heralded the closing of the prairie chicken hunting season in the district between Red Deer and the international boundary. During the fifteen days of open season very few birds were landed. Likewise the ducks, apparently these birds not having started their annual flight southward.

Isaac Brown, "Red" agitator, who has just completed a five-year sentence for subordination of perjury, is to be deported to Russia. Before his prison sentence he entered the country with a considerable amount of money from Russia, and attempted to stir up trouble in various parts of Canada.

Word was received last week from the Arrow Lakes district of British Columbia, announcing the death of William Beseley, former resident of Maycroft and Bellevue, at the age of seventy years. Mr. Beseley is survived by two brothers, John, who he resided, and Frank residing at Bellevue. "Bill" and John quit ranching at Maycroft about three years ago, and took over some fruit lands near the Arrow Lakes.

About one radio announcer out of 100 is good. The other 99 are the most stupid and asinine that ever came down the pike. They think they are smart with their jacks laughs and wisecracks (?) and go on talking while a good programme is waiting. We have often thought, while listening to those ninnyes, that if we had our winter boots on, while standing by the microphone, it would have been a very great pleasure to us to find them an electric kick in the seat of their pants. Why big concerns, tooth powder producers, chocolate manufacturers and others employ a lot of cheap skates to send their message over the air is more than we can see. A majority of those so-called announcers seem to have their mouths filled with hot potatoes—you can't tell what they are saying. A lot of radio advertising, like the newspapers, is a good thing, but the baying of asses nullifies the effect."—Orangeville Sun.

A deaf old lady went to live near one of the naval ports. Shortly afterwards a battleship fired a salute of ten guns. The old lady, who lived alone, got out of her chair, smoothed down her dress, patted her hair, and said sweetly, "Come in."

A report that the Western Canada Wholesale Co. intended moving their offices and warehouse from Fernie was discussed at a recent meeting of the Cranbrook board of trade, with a view to having that company locate in that city.

The teacher was trying to impress upon her pupils the importance of being right at all times, and to bring out the answer "bad habits," she inquired: "What is it we find so easy to get into and so hard to get out of?" There was silence for a moment, and then one little fellow answered, "Bad."

The dear old Scotch lady was enjoying her weekly religious paper. "Just fancy, Robert," she remarked to her husband, "It says here that for every missionary sent abroad this country exported two thousand bottles of whiskey." "Bless my soul," piously whispered the old gentleman, "what does the man do with it all?"

## Origin Of Tennis

Game Played Half Century Ago Was Very Different

There are more than 20,000 public and club lawn tennis courts in Great Britain now, and the number of tennis players goes up every year by leaps and bounds. Yet the game is barely fifty years old. The original lawn tennis was called *sphairistiké*. Half a century ago it was played on courts of hourglass shape with a net six feet high in the middle. The rackets were rather like queerly-shaped shrimping nets and the game was pure bat and ball. It was played by ladies with wisp wands who held up their long skirts in one hand, and men whose costume consisted of tight knickerbockers, striped stockings, walking boots, jerseys and bowler hats. The original lawn tennis balls were made of solid rubber, but later the covered ball came into fashion. In its early days it was usually coloured in one or more ornate patterns with fancy stitching.

## Winter May Be Cold

New York Man Bases Prediction On Law Of Averages

The winter will be long and cold, as James H. Scarr, U.S. Government meteorologist, sizes it up; and then again it may not. It all depends on whether the winter follows the law of averages or gets bull-headed.

The last five winters the meteorologist explained, have been mild. Each warm winter, under the law of averages, brings a cold winter just that much nearer.

One cannot, however, be sure. Mr. Scarr suggested that those who are interested might observe the temperature during October. In 80 per cent of recorded cases warm Octobers have been followed by warm winters.

SIMPLE DRESS WITH SMART LINES WOULD MAKE ANY LITTLE SCHOOL GIRL HAPPY

The wide box plait effect from neck to hem makes it so distinctive. A novelty rayon twill-like mixture makes the original. The white plique collar and cuffs are so neat and trim. See miniature view—the pattern also provides for Peter Pan collar.

It's so easily made and so fascinating when finished. And it will cost you next to nothing. Daughter will love it. Wool crepe in tobacco brown with orange-red wool crepe trim and matching leather belt is smart for early fall. Style No. 844 is designed for sizes 8, 10, 12 and 14 years. Size 8 requires 2½ yards 35-inch with ¼ yard 35-inch contrasting. Price of pattern 20 cents in stamps or coin (coin is preferred). Wrap coin carefully.

## NURSE LOSES 7 LBS.

"I weighed 145 lbs.," writes a nurse, "when I bought the bottle of Kruschen Salts which I have just finished. I have taken a good half-teaspoonful in a glass of hot water every morning. Now I weigh 138 lbs., a loss of 7 lbs. I am very glad to have lost weight, especially without trouble."—M.H.R. (Trained Nurse).

Unlike most salts, Kruschen's is simply a laxative. When you take Kruschen Salts you not only stimulate your liver and kidneys to function naturally and perfectly, but you supply every internal organ, gland, nerve and fibre in the body with their own retaining and rejuvenating minerals. Get a bottle of Kruschen Salts today, and take one-half a teaspoon in a glass of hot water every morning before breakfast.

Before the bottle is empty you'll feel years younger—eyes will brighten—step grow sprightlier—nerves steadier—you'll sleep sound, enjoy your meals, and after a hard day's work you'll be ready for wholesome recreation—one million women already know all this.

## New First Sea Lord

Sir Ernie Chatfield Was Beatty's Flag Captain During War

As Flag Captain to Lord Beatty in the "Lion" and the "Queen Elizabeth" all through the war, Sir Ernie Chatfield the new First Sea Lord, served in the three principal actions of Heligoland, the Dogger Bank and Jutland. He is a gunnery specialist. He was a man of the moment in the crisis at Jutland. The "Indefatigable" had been sunk, the "Queen Mary" had gone up in flames, the "Lion" was in flames too. Then a tremendous salvo struck the "Princess Royal" and she too vanished. A signalman reached the "Lion" bridge where stood Vice-Admiral Beatty as he thereupon said, "Princess Royal" blown up, Sir," he said, Beatty turned to his flag, Captain, saying, "Chatfield, there seems to be something wrong with our ships today. Turn two points to port." That moment two points nearer the enemy—and it meant, too, that the crisis of the battle was surmounted. The British battle cruisers began to assert an ascendancy over the enemy and our ships received no further serious injury. Full testimony to the accuracy of the British gunnery has been given in German accounts of the battle.

## Eat Celery For Health

Ranks Higher Among Vegetables As a Source Of Mineral Supply

It is doubtful if any of the common vegetables can compare with celery as an aid to general health. Most physicians agree that as a blood purifier and for ridding the body of toxic substances, this vegetable is in a class by itself.

Like most leafy vegetables, the purpose of celery in the diet is not to provide heat or energy, but rather to furnish the vitamins, minerals and other secondary food so essential to good health. As a source of minerals, celery ranks high among the vegetables, being particularly rich in iron and magnesium. For this reason it is a great blood regulator and tends to combat any tendency to excess acidity. Celery is also a valuable source of vitamins, being one of the best for vitamin "B"—Dominion Fruit Branch.

## Korea Grows Apples From Canadian Trees

Dr. Hardie, Medical Missionary Planting Them Many Years Ago

Forty-one years ago in Korea were planted Canadian apple seedlings by a Canadian medical missionary, and today the apple trade is one of the most flourishing in Korea.

Dr. R. A. Hardie, of Caledonia, is in Toronto on furlough. In 1880, after graduating from the medical school here, he went to serve in Korea, and wrote to his dentist brother in Toronto, Dr. E. S. Hardie, to send out some apple trees. Now apples grow in rich abundance in Korea and today she exports the fruit to her sovereign state, Japan.

In army strength Soviet Russia heads the list with 1,150,000; France comes second with 340,637; Italy, third with 241,886; and Japan fourth with 233,786.

## Chinese Have Weird Cures

Very Rarely Will They Take Medicine Used By Westerners

The recent case of Toy Fook, a Chinese boy in America, who when sick begged for broth made from the heart of a wildcat, invites attention to the queer native cures depended upon by the dwellers in the Chinese section of American cities. Imports into the United States from China include horns, bones, hair, feathers and yarrow, but so far as customs records show, no wildcat hearts.

The art of the Celestial apothecary is a furtive one in this country. Rarely will Chinese confide in a westerner, particularly when there is some suspicion that habits and customs which seem to them perfectly natural may be likely to transgress the curious maze of occidental laws with which they find themselves surrounded.

Their use, almost adoration, of the ginseng root, is well known. That harmless herb is looked on by the Chinese as a general tonic and, in fact, as a panacea. Ginseng, with Chinese, is as inevitable as chopsticks. Orange peel ranks next to ginseng as a universal remedy. An infusion of tiger bones is believed to ignite courage. The eyebrows of a toad, some Chinese believe, make an excellent snuff. Soup made from the paw of a bear is "indicated" for stomach disorders.

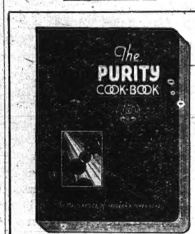

## Fighting Days Are Over

Jellieco's Flagship To Become a Gun-nery Famous Vessel

Two of Britain's famous fighting ships will soon leave Portsmouth for the last time. The "Iron Duke," Earl Jellicoe's flagship in the Battle of Jutland, is to become a gunnery practice vessel. Most of her fittings, already removed when she was originally ordered scrapped under the London Naval Treaty, have been retrieved.

The cruiser "Terrible," which is leaving for Newport, Monmouthshire, for breaking up, became famous in the South African War, when her guns and naval ratings were rushed at the last moment into Ladysmith and helped Sir George White to sustain the siege for several months.

After lying 60 years in the River Thames on loan from the Admiralty, the training ship "Arctura" has finally been condemned. The vessel will be replaced by the German sailing ship, "Peking," which will be renamed the "Arctura." The condemned "Arctura" was the last British vessel to proceed into action under full sail. This action took place during the Crimean War.

Contains Many Valuable Recipes and Is a Masterpiece Of Kitchen Lore

The Purity Cook Book is vastly more than a good cook book. It is a real guide to economy and good management. It represents two years' work, in collecting, testing and editing.

Extra care has been taken to make the "method" for each recipe so simple and clear that even the amateur can follow each step without difficulty.

Over 60 recipes for cakes, 38 for salads, 40 for sandwiches, 40 for lunch and supper dishes, 33 for puddings, 50 for bread, quick breads, fancy breads, sweet doughs, rolls, biscuits etc., also hundreds of other recipes and housekeeping suggestions. Recipes are given for making breads, biscuits, muffins, waffles, griddle cakes, cereals, canapés, cocktails, soups, invalid dishes, fish, meats, poultry and game, vegetables, salads, dressings, puddings, sauces, cakes, fillings, pastry, plain Dandelion, puff, gelatine desserts, ices, apple dishes, preserving, canning, luncheon and supper dishes; sandwiches, pleasant drinks and home made candies.

Order your copy today—the first edition is limited. In grease-proof cover to any address in Canada, 50 cents postpaid. To points outside Canada, 60 cents postpaid. Write to Western Canada Flour Mills Co., Ltd., Toronto, Winnipeg, or Calgary, sending name and address enclosing 50 cents.

## SUNDAY SCHOOL LESSON

OCTOBER 30

PROBLEMS OF THE MODERN HOME

Golden Text: "As for me and my house, we will serve Jehovah."—Joshua 24:18.

Lesson: Joshua 24:14, 15; Mark 10:2-12; Ephesians 6:1-9.

Devotional Reading: Psalm 127.

## Explanations and Comments

The Challenge: Choose Whom Your House Will Serve, Joshua 24:14, 15.—Because of all God had done for them, the children of Israel owed Him loyal, undivided service, Joshua declared. They must put away the gods which their fathers served beyond Euphrates and in Egypt. If, however, they were determined not to serve Jehovah, they could choose either they would serve the gods their fathers had served and had renounced, or the gods of the people of the land where they had settled. This he said ironically, showing them what alternatives they had if they would not be loyal to Jehovah.

"Man must worship. He must have a god. That is universally true. If men will not serve the Lord, then let them choose whom they will serve, only let them make their decision in the clear light of what the kingdom of God really means. If today men say of God's anointed and appointed King, 'We will not have this Man to rule over us,' then let us urge them to choose among the alternatives which are offered them; only let them compare the results of the reign of Christ over human life with those of any other authority to which loyalty may be yielded."—G. Campbell Morgan.

"And to every man there openeth A highway and a low; And every man decideth Which way his soul must go."—Oxenham.

"But," Joshua added, "as for me and my house, we will serve Jehovah."

"The world will pay little heed to our exhortation if we do not follow it by personal practice."—Joseph Parker.

## Starts On Long Hike

Viennese Architect Proceeds On Foot To Visit World's Grain Show

Jules Salaman, a young Viennese architect, has already started on a trip to visit the World's Grain Fair in Regina next year. But he needs an early start, for he is walking to the Saskatchewan capital and is earning his way by singing and playing his clarinet.

A picturesque figure clad in brown walking shoes, khaki shirt, high laced boots and a felt hat decorated with a cockade of flowers, Salaman has arrived in England and is now touring the British Isles before boarding a ship to cross the Atlantic. He is a student of architecture and an excellent vocalist.

The itinerant musician hopes to sing some of his Viennese songs for the king and queen as a finale to his British tour. He is a member of the Academie de Chanteurs de Vienne and has sung under the directorship of Bruno Walker and Felix Weingartner.

## Recipes For This Week

(By Betty Harclay)

### CRUMBLE PUDDING

3 eggs.  
1 cup rice flakes, crushed.  
1 cup sugar.  
½ cup nuts, chopped.  
1 cup dates, chopped.

Beat egg yolk and add to dry ingredients which have been thoroughly mixed. Fold in stiffly beaten egg whites. Pour into buttered loaf pan and bake in a moderately hot oven (375 degrees Fahrenheit) 45 minutes. Crumble and pile in sherbet glasses. Serve with whipped cream or lemon sauce. May be served hot or cold. Serves 6.

### QUICK ORANGE JAM

(Makes 2 glasses)

2 cups orange pulp and juice.  
1 lemon, pulp and juice.  
1½ cups sugar.

Boil quickly about 10 minutes or until syrupy and clear. Very good served warm on hot biscuits.

### Made a Difference

Jones (rolling his lawn, hot and tired): "Hello! Your father wants to borrow something as usual. I suppose."

Neighbor's Boy: "Yes, please Mr. Jones. He says you could 'bige him with the loan of a corkscrew.'"

Jones: "A corkscrew? Certainly! You run along, Bobby—I'll bring it round myself."

## Woman Detectives On Scotland Yard Force

Valuable Aid In Locating Women Connected With Bandit Gangs

Having proved that they can keep a secret and know how to "mix" with criminals, women are being added to the detective force of Scotland Yard, in London, England. For months they have been secretly trained at Scotland Yard, and they have not divulged a word to anybody. There are now "on the strength" of the Criminal Investigation Department. It is expected that another 20 or 30 will complete their training shortly, and will work with men detectives. As are young, and have been chosen largely for their capacity for forming friendships. Definite evidence has been obtained by the Yard that there are clever women criminals associated with modern bandit gangs, and the women detectives will aid in locating them.

## CANADIAN WOMEN FIND DUSTING DISTASTEFUL

Dust cloths going into discard; Unpleasant to use; a bother to Wash

APPLEFORD WONDER PAPER HAS GREAT VOGUE

Of all household tasks, that of dusting is the least appealing to the majority of women.

However, this condition, like many another connected with housework, is undergoing radical change. In a great many Canadian homes the women are discarding dust cloths entirely, and are using Appleford Wonder Paper instead, because it actually dusters—as it cleans—as it polishes, doing a better and much quicker job than the old dust cloth ever did.

This new, and extremely modern Wonder Paper, is made from clean rag, and soft paper pulp, treated in a scientific way with a high-grade furniture polish; and absorbs dirt instead of spreading it.

Appleford Wonder Paper comes in handy-size packages, twenty-five large sheets for twenty-five cents. You crumple a sheet into a soft wad and go over the surfaces requiring attention. Then when outside is soiled or worn, turn the Wonder Paper inside out. After you have given a quick and lasting finish to furniture and wood-work, you can still use Wonder Paper on the floors, if you wish.

And when you are through, there's no old rag to shake out or wash. Throw old dust cloths away and you've completed the most tiresome part of housework in half the time and with half the effort.

Wonder Paper is made by the makers of the famous PARA-SANI Heavy Waxed Paper in the Green Box.

Special Offer  
Most grocery, hardware and department stores have Appleford Wonder Paper in stock. If yours hasn't, we'll be pleased to supply you from the factory. Just fill in and mail this coupon.

Mr. and Mrs. A. Noel Cox, of  
Lundbreck, were visitors to Blair-  
more today.

The Catholic Women's League will  
hold their annual bazaar on Wednes-  
day, November 23rd. Keep the date  
open.

A grand dance, under the auspices  
of Turtle Mountain Lodge, of the  
Knights of Pythias, will be held in  
the Union hall at Hillcrest on Mon-  
day night next.

Mrs. D. Walker and little daughter,  
who have been visiting in the British  
Isles, have returned to Ontario, where  
they will visit for a few days before  
continuing on to Blairmore.

The Crows' Nest Lake dance pavil-  
ion will close for the season on Sat-  
urday, October 29th. The regular  
Saturday night dance will be held on  
Saturday, October 22nd, as usual.

The ladies of the local Eastern Star  
lodge will hold a sale of home cook-  
ing and tea at the home of Mrs. A.  
R. Granger on Saturday, October 22,  
from 3 to 6 p.m. [22-1.f.]

with her mother, Mrs. E. J. Pozzi.

A number of workers from Blair-  
more and Bellevue were at Macleod  
sentenced to two years suspended  
sentence on charges of unlawful as-  
sault and assault occasioning bodily  
harm.

Things to remember: Grand charity  
bazaar in the Lundbreck hall on Oc-  
tober 26th, whist drive and dance at  
Bellevue, October 28th, Remembrance  
Day dance in Columbus hall, Blair-  
more, on November 11th, and the  
New Year dance at Corbin on Decem-  
ber the 30th.

Harvey Murphy, national organiz-  
er of the Workers' Unity League, was  
found guilty of unlawful assembly in  
the supreme court at Macleod on  
Tuesday, and was yesterday senten-  
ced to serve three months hard labor  
in the Lethbridge jail. It is not yet  
stated what line of hard work he will  
do, but will likely avail of the op-  
portunity of qualifying to earn a liveli-  
hood by real labor.

Word that the Drumheller Miners  
and High River Fliers were not like-  
ly to function in the approaching sea-  
son's senior amateur hockey is re-  
ceived with sincere regret. Amateur  
hockey has been boosted considerably  
by these two clubs during the past  
two or three seasons, and their with-  
drawal, through financial and other  
difficulties, will mean a serious handi-  
cap to all other clubs in Alberta.

The rally day services at the Unit-  
ed church on Sunday last were very  
largely attended. At night, the choir  
rendered a very appropriate and much  
appreciated anthem, while a violin solo  
by Mrs. Jones was also enjoyed. It  
was announced at this service that  
the newly organized choir was soon to  
be very much augmented, and that  
it was hoped to render the "Messiah"  
at Christmas time. Miss Irene Chap-  
pell is the very efficient organist, and  
choir practices are being held on Wed-  
nesday nights.
